

Lottery Award for Table Tennis

The National Lottery Awards for All scheme has awarded a grant of £3005 to the Bournemouth and District Table Tennis Association.

The grant will contribute towards the cost of courses for training table tennis coaches and will also provide funds for First Aid courses for players who will learn about emergency resuscitation.

The award will be used to provide table tennis coaches with the opportunity to become qualified to the United Kingdom Coaching Council standards, and the coaches will then utilise their skills to teach players at all levels of the game, at courses within the local area. In addition, the First Aid sessions will provide players with invaluable knowledge of what to do in an emergency.

The Association is delighted to have been given this grant by Awards for All, as the sport is growing in popularity, and it can be played by virtually anybody. Anyone interested in learning about the opportunities within table tennis in the area should contact General Secretary Gordon White on 01202 428114 or email gfwhite@lacles.co.uk
